Message from the Principal:

Welcome to Live Oak Elementary School, a 2022 California Pivotal Practice, and Lighthouse School. Live Oak is a TK-6th grade public school situated in the beautiful town of Fallbrook. We are proud to be a part of the Fallbrook Union Elementary School District and are fortunate to serve our community.

We are proud of the many exciting activities and challenging educational programs offered at Live Oak. We have implemented an amazing PBIS program, where students can earn Falcon Tickets for Being Respectful, Responsible, and Safe on campus. We have an outstanding STEM program that implements Science, Technology, Engineering, and Math, along with our California Common Core Standards to meet the needs of all learners. We are committed to providing experiences for your child to make their elementary school years the best they can be.

We encourage you to be involved as a parent and join PTA. You, as the parent, are an important part of our team. We encourage you to be involved in the school, attend meetings, conferences, PTA events, and volunteer here at our school.

Together, we will make this another exciting school year and provide your child with a rigorous and supportive school environment, where they can blossom and grow.

1. **Handbook Overview** - This handbook serves as a resource for students and parents regarding the policies, rules, and regulations governing all students attending Live Oak Elementary. Familiarizing yourself and your child with the content of this resource will promote a smoother and more successful school experience for all students. If you have questions about information in this handbook, please contact your child's teacher or the front office. You may also visit the Live Oak Elementary website at: www.fuesd.org.

2. Vision/Mission/Student Pledge

- a. **Vision Statement:**

The Live Oak team will create the conditions so that students continue to develop as passionate, curious, and skilled 21st century learners. We are committed to strategically using multiple measures to know students by name, strength, and need, resulting in increased achievement for all students.

- b. **Mission Statement:**

As a Lighthouse school, Live Oak Elementary is committed to creating self-confident, compassionate, and courageous students; prepared with the knowledge and skill-set to thrive in school and career.

- c. **Student Pledge:**

Today I will do my best to be the best.
What I do today will make a difference.
I will listen.
I will follow directions.
I will be honest.
I will respect the rights of others.
I can learn - I will learn.

3. **Live Oak is a Leader in Me school.** *The Leader in Me* program is implemented in a way to teach our students traits of personal leadership. All students have the capacity to be leaders in their own lives and positively affect those around them by making good choices. *The Leader in Me* program teaches students seven habits and equips students with the self-confidence and skills they need to thrive in the 21st-century economy.

Habit 1: Be Proactive

Habit 2: Begin with the End in Mind

Habit 3: Put First Things First

Habit 4: Think Win-Win

Habit 5: Seek First to Understand, Then to be Understood

Habit 6: Synergize

Habit 7: Sharpen the Saw

Our hope is that you will join us by asking your child to re-teach to you what they learned which will facilitate a better understanding of the 7 Habits, and it will give both of you the opportunity to learn together. For more information about *The Leader in Me*, please go to *The Parent's Place* at www.TheLeaderInMe.org. You will find ideas to use at home that will reinforce your child's learning and involve your family in fun and interactive ways.

5. EMERGENCY DRILLS

Fire drills, earthquake, and intruder drills are conducted each month in compliance with California State Law. Each class has an evacuation route to an outside area at a safe distance from the school, as well as established safety procedures for each event.

6. QUESTIONS AND CONCERNS

When parents have questions about the operations of Live Oak or concerns about the education of their child, it is important to us that those questions be properly answered in the most expedient manner possible. For this reason, it is imperative that parents communicate concerns as soon as possible to the proper school employee when attempting to resolve problems that may arise during the school year.

Problems are best solved at the level where they initially occur. To provide parents with the proper information, it is recommended that discussion take place with the person directly involved. To facilitate communications between the school community and home, there must be mutual support, trust, understanding and openness. The following guidelines are suggested for students and parents when questions and problems need to be addressed within Live Oak Elementary School:

- a. **Contact the teacher first** and schedule a meeting or a telephone conference.
- b. Problems not resolved at the teacher level should be taken to the Live Oak Office, where you will be able to set up a meeting with an administrator.
- c. Concerns not resolved through the above channels should be referred to the appropriate central office administrator.

7. MESSAGES FOR STUDENTS

- a. Prior arrangements with your child regarding appointments, errands, and changes in time or place for after school pick-up are greatly appreciated. The office will take messages for students, but, unless it is an emergency, will hold the messages until they can be delivered between classes. **Calling the office prior to 1:45 will ensure the message is delivered to your child on time.**
- b. Please call the office to speak with your student in the case of an emergency – refrain from calling or text messaging your student on their cell phone during school hours.

8. VISITORS AND VOLUNTEERS

- a. Visitors - All visitors are **required to check in at the main office upon entering the campus.** Those wishing to visit a classroom **must have prior approval** of the teacher and administrator. All visitors are required to ***wear a visitor's badge*** while on campus.
- b. Volunteers - Live Oak School welcomes and encourages parent volunteers and offers many opportunities to do so. Please read our [LOE Volunteer Policy](#), as well as follow the school district's requirements below. (Please see the classroom teacher or the school office for current volunteer opportunities.)
- c. **Volunteers must upload the following documents from our school website which is accessible on our district's website (www.fuesd.org), prior to arriving on the LOE campus.**
 - i. **Proof of a negative TB test**
 - ii. **Copy of State Identification**

Sites will then approve or deny applications and communicate to volunteer applicants.

- d. **All volunteers must bring a government issued ID and check in at the front office before entering campus.**
- e. **Volunteer Code of Conduct** - Volunteers are also required to sign the Volunteer Code of Conduct on the FUESD website and abide by the rules posted on the district website.

9. RELEASE OF STUDENT FROM SCHOOL - Emergency/Non-Emergency Procedures

- a. These procedures establish District uniform criteria for releasing students to their custodial parent/guardian and non-custodial individuals in **Emergency and Non-Emergency situations.** These procedures are to be followed during the school day and after school hours.
- b. **Please be aware that your child will be released only to those persons identified on the CVR/Emergency Information Form. If someone else is to pick up your child, written notification must be submitted to the main office in advance. Those who are picking up children should have proper picture identification (driver's license, etc.)**
 - i. From time to time, we may send home your personalized CVR/**Emergency Information Form** to ensure the contact information is accurate – we know phone numbers and contact information can change frequently!
 - ii. **In the interim, please inform the office of any change of phone numbers/address, health conditions, allergies, etc. during the school year so that your child's information is current.**

c. **Unauthorized Student Release Request**

If an individual appears at the school or contacts the school requesting the release of a student during school hours without custodial parent/guardian consent, no removal shall be permitted until contact is made with the custodial parent/guardian. If custodial parent/guardian consent cannot be obtained, no student shall be released.

d. **Student Release in Emergency Situations**

Emergencies include but are not limited to a student accident, a natural disaster, a power outage, a school closure, significant student discipline, or another situation of imminent danger for a student's well-being.

1. School officials identify/verify the student's custodial parents/guardian from the student's Census Verification Report/Emergency Information Form on file in the school office, and attempt contact.
2. If a custodial parent/guardian is not available at time of emergency contact, school officials will call alternate contact people listed on the emergency card.
3. The person picking up the student should be prepared to show picture identification. This identification must be copied and placed with the sign-out for future reference.
4. In all cases, the emergency person (parent or emergency contact) needs to sign the student out (sign-out log), indicating they have picked up the child, noting the date, time, relationship, and purpose for pick-up (**Reference Authorization to Release Student from School during School Hours form and Student sign-out log**).

NOTE: In Emergency situations, students will only be released to custodial parent/guardian or individuals listed on the student's Census Verification Report/Emergency Information Form. If you want your child to be released to a specific person during an emergency, that person must be identified and listed on the emergency card.

e. Non-Emergency Parent Request/School Request for Student Release

Non-Emergencies include a doctor/dentist appointment, a personal family matter, a change in normal student pick-up procedure, or a situation that does not pose an immediate danger for the student. A custodial parent /guardian may request Non-Emergency Release of their child or a school may request of the custodial parent/guardian a Non-Emergency release of a student (i.e. illness, discipline, suspension etc.).

1. A student may never be released early from the school day without the consent of the custodial parent/guardian, unless students need to be released from school for protective/safety purposes by child welfare services or law enforcement with appropriate documentation.
2. The parent must request a student's release by phone, in writing, or in person.
3. If the parent requests the student be picked up by an individual other than the parent/guardian, then the parent/guardian must notify school officials either by phone, in writing, or in person.
4. School personnel must be able to identify/verify the custodial parent /guardian with whom they are speaking. Required information to be noted includes the date, pick-up time, and relationship of the person to student/family (i.e., uncle, cousin, neighbor, significant other, etc.), and purpose for the pick-up.
5. At time of pick-up, the person must show identification, which will be copied and placed with the sign-out log for future reference. In all cases, the person should sign a log indicating that they have picked up the child, noting the time, relationship, and purpose of the pick-up.
6. The releasing school employee must verify the person's identification to ensure *this person is who the parent requested* and then sign, date and file **Authorization to Release Student from School during School Hours** form.

NOTE: In Non-Emergency Situations, students may be released to: 1) the custodial parent/guardian; 2) to a contact person listed on the student's emergency card; 3) to another identifiable and verified adult, whom the custodial parent/guardian has granted permission via phone, in writing, or in person.

f. After School Student Release Late Pick-Up

1. Custodial parent/guardian will be called. If parent/guardian cannot be reached, the authorized persons listed on the Census Verification Report/Emergency Information Form will be called to pick-up the student.
2. Anyone picking up a child who is not on the Census Verification Report/Emergency Information Form will need to be approved through direct phone call or written authorization from the parent/guardian. The person's identity must be verified before the child may leave school grounds.
3. The person should be prepared to show identification, which will be copied and placed with the sign-out log for future reference.

4. In all after-school cases, when not listed on the Census Verification Report/Emergency Information Form the person to whom the student is being released must sign a log in the school office indicating that they have picked up the child noting the date, time, relationship, and purpose of pick-up.

14. BIRTHDAY CELEBRATIONS

There will be no birthday parties allowed on campus. Students celebrating a birthday will be recognized in other ways such as singing happy birthday, a certificate, a crown, etc. **“Goodie bags” containing educational items such as pencils, erasers, bookmarks, etc. or a healthy store-bought snack such as yogurt may be dropped off, however, no cakes, cupcakes, sodas, or homemade food are allowed.**

15. VALUABLES

 - ii. If a student misuses their Smart Watch/Child Emergency Watch (see misuse examples above), the watch shall be confiscated by a school employee.
 - iii. Consequences
 - 1. **1st offense:** Warning, device confiscated by school staff and returned to the student at the end of the school day

19. ATTENDANCE

School attendance is a powerful predictor of student outcomes. Students who attend school regularly have been shown to achieve at higher levels than students who do not have regular attendance. Student absences limit opportunities for classroom interaction and direct participation with teacher and student.

- a. **Attendance 24-hour Hotline (760) 731-4431.** Student attendance is taken each day. All students must bring a written excuse from a parent or guardian when returning from an absence if the attendance line is *not* called. The note should be turned in to the Attendance Clerk.

21. INDEPENDENT STUDY REQUEST

Not providing the 1 week notice may result in the independent study not being approved. Approval must be granted by the student's teacher and administration. If prior approval is not granted the absences will be considered unexcused and further disciplinary action will follow with the SARB (Student Attendance Review Board) rules.

22. CHRONIC ABSENTEE

- a. A "chronic absentee" has been defined in *EC* Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."
- a. If a student is determined to be chronically absent, communication shall be made with the student and his/her parent/guardian to determine the reason(s) for the excessive absences, ensure the student and parent/guardian are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance.
- b. The student may be referred to a student success team or school-site attendance review team (SART) to assist in evaluating the student's needs and identifying strategies and programs that may assist him/her. - d. Whenever chronic absenteeism is linked to a non-school condition, community resources and/or collaboration with community agencies and organizations may be recommended to address the needs of the student and his/her family.

 - vii. All intradistrict transfer applications are approved based on space available at the school of choice.

24. SCHOOL WITHDRAWAL

The medication must be labeled from a pharmacy whether it is a prescription medication or over the counter medication. If a student does not have access to necessary medication, the parent or emergency contact will be notified.
- d. **Immunization Requirements California** Immunization Laws require all students to have proof of immunizations as a condition of attendance at school. Under a new law known as SB 277, exemptions based on personal beliefs will no longer be an option for the vaccines that are currently required for entry into child care or school in the state of California. Only medical exemptions will be allowed for those entering daycare and kindergarten. Children with physician-certified allergies and immune-system deficiencies, for example, will be exempt. Parents can still decline to vaccinate children who attend private home-based schools or independent studies off-campus. This new law may not affect you because your child/children has received all required vaccinations. Personal beliefs exemptions for a child already attending school will remain valid until the child reaches the next immunization checkpoint at Kindergarten (including TK) or 7th grade.
- e. **School Health Record** A California health record is kept on file for each student. The student's parents/guardians or family physician shall provide the Health Office with information concerning that student's physical condition. Health records are confidential and information shared will be within HIPAA guidelines.
- f. **First Aid** If a student becomes ill or is injured at school, the teacher or Health Office will provide care depending upon the seriousness of the illness or injury. The parent/guardian will be contacted if a referral to a physician is necessary. If the parent/guardian cannot be contacted, the persons listed on the emergency card will be called. If necessary, emergency medical services will be contacted.
- g. **Head Lice** According to Board Policy 5141.33, School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse or designee shall examine the student and other students who are siblings of the affected student or members of the same household. If a student is found with active, adult head lice, he/she shall be excluded from attendance. The parent/guardian of an excluded student shall receive information about recommended treatment procedures and sources of further information. The student shall be allowed to return to school the next day and shall be checked by the nurse or designee before returning to class. Once he/she is determined to be free of lice, the student shall be rechecked weekly for up to six weeks.
- h. **Please visit our district website for the latest protocols regarding Covid-19 infection.**

26. REPORTING GRADES/CONFERENCES

- a. Grade Reporting/Conferences - Our reporting system consists of three types of reports or communication methods with parents:

27. HOMEWORK

Homework is a valuable extension of class instruction and allows students to practice skills and reinforce new learning. It also teaches students to budget their time and develops the good study habits necessary for a successful education. Assignments vary in length and in the level of difficulty in order to achieve these goals. Parental support is necessary to encourage organization and time management skills. Communication between teacher and parent is crucial in helping students who are having difficulty in completing homework. Parents are encouraged to contact teachers if there is a question/concern about homework.

FUESD upholds the following paradigm regarding homework practices, mindful of FUESD's homework paradigm, homework will be assigned at each teacher's discretion:

Restorative Justice and Retribution

At Live Oak School we understand that young people make mistakes, and it is the school's role to support their social-emotional growth as well as their academic growth. When our young people make mistakes, our goal is to create opportunities for them to take accountability for their actions and correct their mistakes. We are committed to engaging in the kind of restorative justice that is rooted in learning and teaches appropriate conduct consistent with school values.

When disruptive behaviors occur, we will attempt to address them in a restorative manner focused on needs, accountability, and addressing root causes. Our staff will work to connect every student to services and caring adults in order to ensure that such students are supported in every way possible. Consequences are applied and may be adjusted based on individual circumstances and student behavior record at the discretion of the school administration where other means of correction may be applied.

Students may face both restorative justice and retribution (consequences) if the act/violation is related to a school activity or school attendance, including but not limited to the following: (a) while on school grounds; (b) while going to or coming from school; (c) during a school lunch period whether on or off campus; or (d) during or while going to or coming from school sponsored activity.
